## The origin

Andhra Pradesh grows paddy on more than 22 lakh hectares, and the Godavari and Krishna deltas lead the state. Canal water lets the deltas take two crops a year.

Most of the rice grown here was bred in the state. BPT 5204, the Samba Mahsuri that buyers know as Sona Masoori, came from the research station at Bapatla in 1986. Swarna (MTU 7029) and MTU 1010 came from Maruteru in the West Godavari delta.
